# FENNEC WEAPON SYSTEM

The Dillon Aero Weapons System offers a variety of weapon options. Aircraft may be configured with either dual M134D Miniguns, dual M260 2.75" rockets, or a combination of guns and rockets. Aircraft reconfiguration can occur within minutes.

The weapons system is compatible with standard 14" NATO racks.

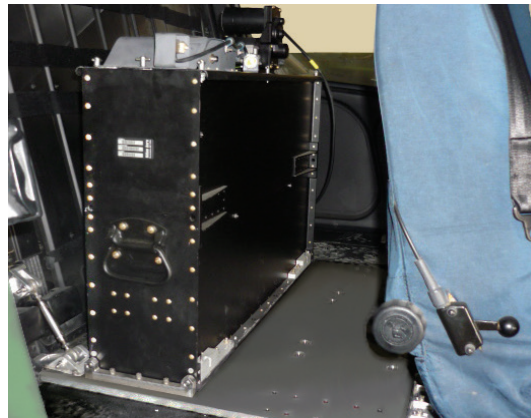

## FEATURES

- Dillon 4,000-round ammunition magazine
- Ammunition booster
- Round repositioner
- Magazine pallet
- Rocket control panel (optional)

The Dillon Aero Fennec Weapons System is currently in service with the U.S. and foreign militaries, as well as in government service branches.
