M240/MAG58 MOUNT

M240/MAG58 Mount in-flight on a UH-1 helicopter

The Dillon Aero line of gun mounts extends beyond the M134D. A lightweight universal gun mount option is also available for the M240/MAG58. Its design ensures compatibility with the M134D Vertical Arm. As such, any platform equipped with an M134D system is interchangeable with the M240/MAG58 in a matter of seconds.

The M240/MAG58 Mount can be fed from either the standard 200-round ammunition magazine, or Dillon Aero's 400- or 500-round magazines, which results in fewer dropped magazines, less gun down-time, and reduced aircraft exposure.

M240/MAG58 Mount

M240/MAG58 MOUNT ASSEMBLY	
DGMT0500	DGMT0525
