M240/MAG58 MOUNT

M240/MAG58 Mount in-flight on a UH-1 helicopter

The Dillon Aero line of gun mounts extends beyond the M134D. A lightweight universal gun mount option is also available for the M240/MAG58. Its design ensures compatibility with the M134D Vertical Arm. As such, any platform equipped with an M134D system is interchangeable with the M240/MAG58 in a matter of seconds.

The M240/MAG58 Mount can be fed from either the standard 200-round ammunition magazine, or Dillon Aero's 400- or 500-round magazines, which results in fewer dropped magazines, less gun down-time, and reduced aircraft exposure.

M240/MAG58 Mount

FEATURES

- M240/MAG58 cradle assembly
- 400- or 500-round magazine (optional)
- 400- or 500-round magazine tray assembly
- Brass deflector
- Brass/link exhaust system (optional)

The Dillon Aero M240/MAG58 Mount is currently used by the U.S. and foreign militaries, operating in both ground and aviation applications.

M60 MOUNT

The Dillon Aero M60 Mount is compatible with any standard NATO weapon pintle. This allows it to fit most ground vehicles, helicopters, and watercraft utilizing existing Dillon mounts.

FEATURES

- 200-, 400-, or 500-round magazine (optional)
- Magazine tray
- Dillon Aero Vertical Arm
- Brass/link overboard exhaust system (optional)

Dillon Aero M60 Mounts are currently used by the U.S. and foreign militaries.
