M240/MAG58 MOUNT

M240/MAG58 Mount in-flight on a UH-1 helicopter

The Dillon Aero line of gun mounts extends beyond the M134D. A lightweight universal gun mount option is also available for the M240/MAG58. Its design ensures compatibility with the M134D Vertical Arm. As such, any platform equipped with an M134D system is interchangeable with the M240/MAG58 in a matter of seconds.

The M240/MAG58 Mount can be fed from either the standard 200-round ammunition magazine, or Dillon Aero’s 400- or 500-round magazines, which results in fewer dropped magazines, less gun down-time, and reduced aircraft exposure.

M240/MAG58 Mount

M240/MAG58 MOUNT ASSEMBLY	
DGMT0500	DGMT0525
Cradle assembly included	Cradle assembly included
Brass deflector included	Brass/link exhaust system included
500-round magazine included	500-round magazine included
NSN: 1005-01-538-6664	NSN: PENDING

The Dillon Aero M240/MAG58 Mount is currently used by the U.S. and foreign militaries, operating in both ground and aviation applications.

M60 MOUNT

The Dillon Aero M60 Mount is compatible with any standard NATO weapon pintle. This allows it to fit most ground vehicles, helicopters, and watercraft utilizing existing Dillon mounts.

FEATURES

- 200-, 400-, or 500-round magazine (optional)
- Magazine tray
- Dillon Aero Vertical Arm
- Brass/link overboard exhaust system (optional)
