

# DILLON **AERO**

**M240, MAG58 & M60**  
Mounts

## M240, MAG58 & M60 Mounts

The Dillon Aero line of gun mounts extends beyond the M134D. A lightweight universal gun mount option is also available for the M240/MAG58. Its design ensures compatibility with the M134D Vertical Arm. As such, any platform equipped with an M134D system is interchangeable with the M240/MAG58 in a matter of seconds.

The M240/MAG58 Mount can be fed from either the standard 200-round ammunition magazine, or Dillon Aero's 400- or 500-round magazines, which results in fewer dropped magazines, less gun down-time, and reduced aircraft exposure.

The Dillon Aero M240/MAG58 Mount is currently used by the U.S. and foreign militaries, operating in both ground and aviation applications.

## M240, MAG58 & M60 Mounts

The Dillon Aero M60 Mount is compatible with any standard NATO weapon pintle. This allows it to fit most ground vehicles, helicopters, and watercraft utilizing existing Dillon mounts.

### COMPONENTS:

- 200-, 400-, or 500-round magazine (optional)
- Magazine tray
- Dillon Aero Vertical Arm
- Brass/link overboard exhaust system (optional)
