Black Hawk Window Mount

The Dillon Aero Black Hawk Mount is made of titanium which is strong and lightweight. This allows it to weigh in at only 22.9 lbs (10.3 kg).

The Dillon Aero Black Hawk Window Mount is currently in service with the U.S. Military.

Features:

- Attaches to either the left or right window station behind the cockpit
- Stowed internally or extended for combat
- Accepts an M134 (Crew-Served or Fixed Forward operation), M240/MAG58, M60 or PKM machine guns.
